(3) Product Applications

The Legent CF2 can be used as a standalone USB-C reader or in combination with a Mobius Pro or any 3.5" SATA drive bay. The Legent also includes mounting holes along the side, allowing fixed installation in a 3.5" bay.

Mounting holes for 3.5" Drive Bay

(4) Using the Legent CF2

1) Gently insert the CFast 2.0 card into the card slot.
2) Push the card into the slot until it locks in place.
3) Connect using USB or insert into a 3.5" SATA drive bay.
4) The LED indicator will illuminate when the card is detected. The LED will blink during read/write activity.

(5) Ejecting the Legent CF2

Windows: Close all windows and applications that are accessing the drive. Click the "Eject Hardware" (Safely Remove Hardware) icon in the system tray and highlight the drive. Wait for a few seconds until the system prompts "You may safely remove this device."

Mac: Close all windows and applications that are accessing the drive. Drag the external drive to the Trash/Eject icon to eject it. Alternatively, you may right-click the drive and elect Eject. After the disk icon has disappeared from the desktop, you may safely disconnect it.

(6) Warranty Information

This product includes a three (3) year warranty provided by Oyen Digital. This warranty is non-transferable and is limited to the original purchaser. Warranty service may be requested by visiting our website: OyenDigital.com/Support

(7) FAQ
