

SPRING-ASSISTED OPEN

P O C K E T K N I F E

Quick & Easy
One-Handed Opening

KLEIN TOOLS 

QUICK AND EASY ONE-HANDED OPENING

Your pocket knife is one of the tools you use daily. Klein improves on this everyday carry tool with a spring-assisted open action you can deploy quickly with one hand. A liner lock secures the stainless steel blade open. The drop point blade has both a serrated and a fine edge for greater versatility. While the safety lock on the handle keeps the knife closed and the low-setting pocket clip keeps it low in your pocket, this knife is not only easy to open, it's easy to carry.

VERSATILITY OF A
PARTIALLY
SERRATED
DROP POINT
BLADE

440A Stainless Steel Drop Point Blade

Dual Thumb Studs
for both left- or right-hand opening
